Search Notes

- Packet 3: inventor search (beware of false hits on the names)
- Packets 1-2: structure search and text search
 - Structure search in HCAPLUS and in USPATFULL. See queries for limitations/restrictions.
 - Searches in other databases are based on text and/or manual codes; the hits may address the sense of the claims but not necessarily the structure.
 - There were too many hits in MARPAT to display; please contact me if you wish to work with them.

Please feel free to contact me if you have any questions or would like to amend the search.

Thank you for using STIC services.

Regards,
Deirdre Arnold
